I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Discovering Madison Pharmacy Associates, Inc. of the Women's Health America Group in Madison, WI who is now providing me with hormone replacement therapy (HRT) for my unique hormone levels has given me a whole new outlook for my senior years. My local Dr. has prescribed them in consultation with Madison Pharmacy. The fact that I can order these medications from another state in the U.S. is very important to me. Hopefully we still live in a United States of America where I have a right to choose products I need to purchase nationwide, including this very effective treatment for my symptoms. I oppose any restrictions in shipping my prescriptions from Wisconsin.
